Centre pieces or ceiling roses are decorative elements attached to the ceiling from which a chandelier or light fitting is often suspended. They are typically round in shape with a variety of ornamental designs.

Ornate Interiors offer a comprehensive range of 29 centre pieces ranging from a diameter of just 375 mm to pieces measuring 2500mm across. With different styles to create a whole spectrum of effects, you can use them to enhance a ceiling area whilst complementing the cornice and drawing the eye to the light feature.
